RENTING A HOME OR APARTMENT EVEN AFTER AN EVICTION

When it comes to renting a home or an apartment – credit is key.

We help consumers with challenging rental history and overall bad credit. If you are denied an apartment or rental home, we have alternative credit packages that will allow you to rent in your name without having to use your personal credit.

The difference in the 2 packages is one will have a credit score and the other one won't. The one without a score will qualify you to rent an apartment and apply for utilities, renter's insurance, cable (all with a deposit). The good thing is it only takes 7-10 days to process this package for use.

The House Rental program is credit ready in 30-45 days with a 680 or higher FICO score which will qualify you to rent an apartment, house, condo, duplex, or townhouse. Utilities, cable, renter's insurance will have minimum to no deposit.

Most realtors that rent houses like to see a credit score so don't be fooled thinking you can get an approval with a blank file.

If you are someone who's had an eviction placed on your personal credit, you may want to speak with someone on our team about removing the negative item from your credit file so that you can rebuild your personal credit within 30 - 60 days. If you're one of our goal-oriented clients who will be looking to buy a home in the future, we highly recommend you inquire about our Express Credit Repair program.

To submit your application – complete the form below.

You will be invoiced upon receipt.

Thank you for considering us for all of your credit enhancement needs!
