Tradelines will show as "OPEN" for 30 to 60 days.
Most lines will still stay on your credit report as "CLOSED" once you have been removed, which still has a significant positive effect on your credit history and scores. Most tradelines will stay on your credit report forever, or at the very least for many years. However, we cannot guarantee the exact amount of time they will stay on your credit reports.

We guarantee that your tradeline will post on two (2) of the three (3) [usually all three] major bureaus (Experian, Equifax, and TransUnion) no later than 15 calendar days after the statement date. Please order at least 5 days prior to the statement date to insure there is enough time to get the line added.

Buyer must provide accurate information: (Full Name (First, Middle, Last), DOB, Address, and SSN/CPN) Picture id and social security card *MAY* be requested by the bank , so be prepared to provide this information if it is requested.

Please double check the information provided. Buyer will need to update addresses with credit monitoring service to update reports.

You will need to provide a 3-bureau credit monitoring log in with your tradeline order.

A certain amount of increase in credit score cannot be predicted or guaranteed; if tradelines do not post within 60 days, a refund will be processed depending on which cards not added.
