

# Four Steps To Hiring A Mayfair Florist For Your Wedding

If you've discounted DIY flowers at your wedding and want a professional Mayfair florist to ensure floral displays enhance your venue and add class to your photos, here are four steps to success.

First, set a budget. It's easy to get carried away with all the wonderful [Mayfair flowers](#) you've seen on Instagram or that any good florist will show you. You don't want to spend the first years of married life paying off debts from your wedding, so know what you have to spend and stick to it.

Second, plan ahead. If you have a date for the wedding, it's never too early to start finding the right Mayfair florist. The best London florists have full diaries, and you don't want to compromise on quality on your special day.

Third, narrow the selection of florists in your area by taking a good look at their portfolios online. Find ones who have worked on weddings before and have styles you admire.

Last, meet any Mayfair florist you're thinking of hiring. Discuss your wedding budget, ideas, and themes, and ensure you'll have a good rapport and feel comfortable working with them.
