

## SoLi Liquid Pro-Biotica

Liquid and naturally fermented Pro-Biotics is a **'live' Pro-Biotics and is immediately fully available & ready to use**. Compared to freeze-dried Pro-Biotics variants that a. need to be activated first and b. contain fillers to accomplish this, the liquid 'living' natural Pro-Biotics of Forever Vital is *'immediately available for use, cleaner and 'non-burdensome' and thus works faster for the best results.*

Taking these liquid Pro-Biotics is especially desirable after recovery from illness, surgery, burnout, after antibiotic therapy, or if increasing the vitality in general, of stomach, intestines, kidneys, mouth and gums is desired.

*SoLi Pro-Biotica Liquid for intensive and direct performance is:*

- Organic and suitable for vegan diet
- Has a tangy, sweet and sour taste and smell & is lactose and gluten-free
- Contains no preservatives and no synthetic flavours and or vinegar
- Slow fermentation, therefore a high-quality Pro-Biotic
- Is made with attention and love included with specific frequencies

*Use for revitalisation Mouth microbiome\*:*

Fill a spray bottle (50ml) 1/10 part (5ml) with **SoLi Pro-Biotica liquid** and dilute the rest with filtered or distilled water. Use this solution 2-4 times daily by spraying a few pumps into the mouth and distributing with the tongue, then swallow. Spray bottle to be kept dark and in the fridge. \* if different dosage see your personal Forever Vital plan of action

*Use for upgrading vitality Microbiome of the digestive system:*

Take 1 x 25 ml or 3 x 8 ml (measuring cup) daily either pure or diluted with filtered water. Conveniently, take just before a meal. Do not exceed the recommended daily dose (as per plan of action). Live microorganisms can actively protect against gastric acid.

*Ingredients:* Water, sugars \* (the sugars are consumed by the microorganisms during the fermentation process and converted into lactic acid), plant microorganisms from certified organic agriculture and frequency enhanced for optimal functioning.
