

## **Par à side Xpeller (Pax), 300ml to be used as a cure**

For effective friendly removal of parasites & fungi.

### ***Why change the intestinal culture and not kill the parasites and fungi?***

As soon as 'the unwanted visitors' are threatened with death, they secrete toxins and lay lots of eggs as a survival strategy. As a result, many parasite remedies backfire. With the Par à side Xpeller's sophisticated frequency-enhanced herb mix composition, you change the environment of the intestines. In this altered environment, these 'unwanted visitors' do not want & cannot live & cannot reproduce. As a result, they kindly but surely leave us! Note: toxins caused by fungi 'acidify' the body and makes you tired & lethargic.

### ***How does Par à side Xpeller work?***

A mix of the best natural herbs that have proven over the centuries to ward off parasites and fungi together with the latest scientific insights, specific frequencies, such as Bio-signatures (BG3 Bio-geometry), this synergy has created a powerful remedy that changes the intestinal culture in such a way that these 'unwanted visitors' no longer want to stay and thus leave us via the faeces!

### ***Restorative effect of Par à side Xpeller:***

Apart from its action to ward off parasites and fungi, it also has restorative qualities, such as strengthening the bladder & intestinal wall by optimising the mucous membrane, repairing parasitic & fungal damage that has led to inflammation, restoring the pH balance in the gut and strengthening the immune system. Par à side Xpeller has a soothing effect on the entire digestive system due to its versatility.

### ***Intake suggestion from an adult (>12yrs): (always shake bottle well before use!!!)***

**Cure 1:** 14 days 2x a day 5 ml in glass of water , **then 14 days rest** (to allow remaining eggs to revert to larvae, which can be dealt with), **Cure 2:** repeat again until the bottle runs out. Intake time: Morning and in the afternoon. If many parasites & fungi repeat several times until load is over. Best is one cure for all family members!

**Optimising functioning Par à side Xpeller,** during the rest period, use [MVA Forte](#) for the removal of toxins and residues created during the cure. So Par à side Xpeller Cure 1 for 14 days, rest 14 days in this period take MVA Forte, cure 2 again for 14 days, then continue with the MVA Forte, or start a new cure in case of intense strain. Suggestion is to finish this process with a cure of [Liquid Pro-Biotica](#).

**Note!** Drink plenty of water. Pax has a limited shelf life after opening. Keep in the refrigerator.

**Tip:** Consider [Bio-Atunement Support](#) 24/07 frequency remote support for elimination of parasite eggs during the dormancy period(s).

**Energy Exchange € 69,95** good for 2x a 14-day cures.
