**VISION** - to inspire a global WELLNESS CULTURE - that empowers people on their own journey towards optimal wellbeing.

**MISSION** - to enhance the lives of people touched - by helping them reach their goals.

## FAMILY WELLNESS

Hello, and a warm **WELCOME**! My name is Peter Arnold. One of the [many] reasons <u>I</u> truly appreciate <u>MELALEUCA</u> is - they are a <u>Wellness</u> Company [an Online Wellness Shopping Club] - they are 100% "focused" on their valued <u>CUSTOMERS</u>. Serving <u>them</u> is their PURPOSE. (Click) >

Also, their Wellness Wheel reminded me of MY OWN Wellness Wheel >>>>>> HERE

<u>HOME BUSINESS OPPORTUNITY</u>? - Yes, they offer an exceptional, <u>Direct2Consumer</u> [D2C] <u>WELLNESS</u> SIDE eBIZ Opportunity too [for those wanting that option - which

is only about **10%** of those who shop with Melaleuca]. <u>Everybody</u> who signs up with Melaleuca, does so - as a **SHOPPER** first. Loyal <u>CUSTOMERS</u> "want" their Wellness Products - they <u>love</u> them. **W-H-Y?** Because >>>>> their health is <u>THREATENED!</u>

Because they target >>> <u>PERSONAL</u> + <u>PHYSICAL</u> + <u>FINANCIAL</u> + <u>ENVIRONMENTAL</u>

<u>W-E-L-N-E-S-S</u> (see Melaleuca's WELLNESS WHEEL at top). Thankfully, this widecircle approach provides a HUGE "footprint" on smart SOLUTIONS for the many serious
PROBLEMS facing ALL families right now. See <u>RED ALERT!</u> >>>>>>> <u>Click HERE!</u>

**CUSTOMERS** are - and always have been - the 'KINGS & QUEENS' at Melaleuca, who provide consumers with **400+ outstanding FAMILY WELLNESS Products** - which can also increase their **VITALITY** >> critical, at this 'precarious' time in our history! **W-H-Y?** 

Global CORONAVIRUS <u>Crisis</u> // Global CLIMATE <u>Crisis</u> // Global RACIAL <u>Crisis</u> ... Mob Violence ... Corruption ... Joblessness ,,, on, and on, and on! And, they are ALL - "man made" <u>crises!</u> NO place on planet earth is "immune" right now, from these terrible threats to today's civilization. And <u>IMMUNE HEALTH</u> is "vital"!

## So, What Comes to Mind, When we Think About >>> WELLNESS?

- 1) <u>PHYSICAL</u> For most of us, something about our PHYSICAL health comes to mind (like our DIETS eating nutritious foods and/or getting regular EXERCISE). And ...
- 2) <u>FINANCIAL</u> A close second might be our FINANCIAL health (by having enough money to meet our needs, on a regular basis).

There is NO question, that both our physical, and our financial, wellness are extremely important. However, LIFE is about "more" than - just our body weight - or our checkbook balance. And a Global Community - called the MELALEUCA FAMILY - has recognized this - in their MISSION - in their VISION - in their WELLNESS PRODUCTS [[ Nutrition // Vitamins & Minerals // Bath & Body // Essential Oils // [SAFER!] Household Products // Skin Care / Hair Care // Cosmetics, and much more + their Retail Partners 'Marketplace' where you can get up to 40% OFF -- at over 1,900 major brand-name companies - like Walmart / Best Buy / Home Depot / Amazon / etc - in their members Shopping Portal! ]]

3) <u>PERSONAL / SOCIAL / FAMILY / ENVIRONMENTAL</u> - Have we taken a good look at the fitness of **our** family life - **our** social life - inner selves - the environment - lately? These areas deserve our attention too - especially in this time of grave UNCERTAINTY.

If we are so consumed with our careers / professions / businesss + all the <u>crises</u> - that we "miss out" on the simple joys of - spending time with our families - in protecting the environment - in self-improvement - in socializing with others - **Melaleuca** might say - we are <u>not</u> 'completely' WELL. <u>Lesson</u>: Our WELLNESS - with BALANCE - is K-E-Y!
