

CORRUPT => D-R-U-G INDUSTRY!

A recent poll, from Gallup, found that **BIG PHARMA** was the most "loathed" sector in all of North America! For decades now, it seems the global, giant, **Pharmaceutical Industry** has spread a deceptive narrative - justifying the sky-high costs of its Drugs / Vaccines & Diagnostics - as something that has been absolutely "necessary" - and "inevitable"!

ADDICTIONS - Alarming, Pharmaceutical Prescription **DRUGS** are the single leading source of **Drug Addiction** in NA now - and the CDC saying that [prescription] Drug ABUSE has now risen to => nearly "epidemic" levels!

BIG PHARMA seeks enormous **PROFITS** over the health and well-being of the humans it serves, and Drug Companies invasively 'corrupt' the way that the Health Care industry delivers its vital services. The (12) largest companies (with ann. revenues in BILLIONS): **[[Johnson & Johnson (\$82.B) // Sinopharm (\$60.B) // Roche (\$64.B) // Pfizer (\$52.B) // Bayer (\$48.B) // Novartis (\$47.B) // Merck (\$47.B) // GlaxoSmithKline (\$44.B) // Sanofi (\$39.B) // AbbVie (\$33.B) // Abbott (\$32.B) // Bristol Meyers Squibb (\$26.B)]]** Yes, it's all about >>> MONEY and >>> Rx DRUGS!

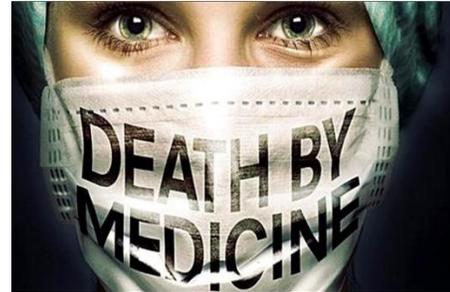

What About Our MEDICAL DOCTORS? - Doctors are among the most "respected" of all professionals for sure, and the vast majority are excellent. However, **MDs** are not trained - in medical school - about "**Natural Healing**" - or about the awesome "power" of [**Plant-Based / Whole Food / Fruits / Veggies / Starch**] **NUTRITION** for the successful treatment **Chronic Illnesses** **[[iHeart Diseases // Strokes // Type 2 Diabetes // Cancers // Arthritis // Obesity // Smoking-Related Issues // Autism // ADHD // Alcohol-Related Issues // Alzheimer's // Depression // Asthma // Kidney Disease // Psoriasis // Lupus // Cystic Fibrosis // etc // etc ...]]**

"The drug industry controls medical education, medical research, and medical practice, and medical laws."

Dr. Andrew Saul

NDs [Naturopathic Doctors] - NDs are trained the same as **MDs** ... except that they are "also" trained in - Natural Healing, Nutrition, and Organic Supplements. So - instead of simply "writing out Pharma Prescriptions" for some specific ailment - they take a holistic approach - looking at the **WHOLE PERSON** patient >>> to help them achieve **a strong, and healthy IMMUNE SYSTEM** >>> the body's first [and best!] direct "weapon" in the fight against any outside health invaders [chemicals / viruses / toxins / diseases / etc] - and >>> not **Pharmaceutical D-R-U-G-S!** In other words, they are practicing - - -
