FACT: More than ever, people (especially WOMEN), now worry about - their

finances - their futures - Covid aftermath - bad bosses - heavier **STRESS** workloads - low salaries - job insecurity - often causing sleep loss / real fear / anguish / burnout.

One SOLUTION: <u>AFFILIATE MARKETING</u>. It <u>IS</u> a method of making good money Online, promoting OTHER'S products. You can earn a nice "side-income" - <u>PART TIME</u> - for every purchase made (like a "finder's fee" for referring new customers).

What Affiliate Marketing is <u>NOT</u> - It is not <u>MLM-Network Marketing</u> ... nor, is it <u>AI-Artificial Intelligence</u> (although some may use "certain aspects" of <u>these</u>, 'within' their <u>AM-Affiliate Marketing</u> eBiz Model - as a way to further "enhance" the success).

Ok, first, let us say you wanted to "get your feet wet", and create your OWN product(s) or service(s) to sell Online (scary, but doable).

But - - **THEN** you discover what Affiliate Marketing is <u>really</u> all about ... and you decide that ... *instead* of finding that 'huge' amount of CAPITAL + TIME + SKILL required ... to "create" a

PRODUCT or SERVICE (that some might not "want" to buy) ... you try selling **someone ELSE'S** - part time - Online - from your home - for your reward / commission (which is exactly what tons of ordinary people **are** doing today - to help "secure" their financial futures).

With over \$2.5 TRILLION (with a "T") per year, already being spent in retail purchases, Online, there's never been a better opportunity to "make money" than with an Online Business (eBiz) - via Affiliate Marketing. (Click) >>> BIO.

Yes, Affiliate Marketing, BUT => With a very <u>B-I-G</u> DIFFERENCE!

More about the beauty of **EVERGREEN PASSIVE INCOME** later, but here, a hard look at "both" sides: **Affiliate Marketing** - **Pros & Cons**.

**TRAINING!** You'll see that the (#1) CON listed is => "lack" of TRAINING. See below:

THIS was the (#1) major reason for FAILURE - in Affiliate Marketing! Sadly, the FAILURE RATE - even today - in Affiliate Marketing - is still "extremely" HIGH!!

As a newbie ("regardless" of your occupation / situation / status) - to become a "successful" **Affiliate Marketer** - you absolutely <u>need</u> to invest in quality **TRAINING** <u>first</u> - education that provides a comprehensive LEARNING experience - that vital GUIDANCE needed.

Luckily, there are many FREE Affiliate Marketing courses available Online - as well as many PAID ones available. And here's <u>another</u> area that will need careful attention ...

Affiliate Marketing FUNNEL = a strategy (a logical & easy PROCESS) - that directs your visitors - "to your Website" ... driving your TRAFFIC to where "you" want them to go. The typical "end result" is => positive A-C-T-I-O-N by the visitor (a "customer / client" conversion). This requires (click) => TRAINING!

<u>PERSONALLY</u> - I've tried a number of Books / Courses + eBooks / eCourses / Tools / Platforms / etc - including what I show you, next - [and MORE]. But, as a total "newbie" to <u>Affiliate Marketing</u> myself - I wanted **a)** to learn exactly what <u>Affiliate Marketing</u> really WAS (especially for a Business & Financial Consultant & Health & Wellness Advocate ©) and **b)** to find **Training** - for <u>BEGINNERS</u> (like myself) - and that, ideally, was 100% FREE.

>>> After much research => **HERE** <= is what I came up with: <<<

[YOU MIGHT WANT TO SAVE THE LINK FROM THE ABOVE]

[Note: The above DOES represent proper (QUALITY) "training" (for NEWBIES & PROS) to the

Affiliate Marketing world - while at the same time, many being FREE. Yes, there are indeed, some "superb" PAID Affiliate Marketing Courses (The Authority Site System, at \$997 -plus- The Affiliate Lab - at \$979) ... yet, these are more designed for those with "some" prior experience. However, once again - **EVERGREEN PASSIVE INCOME** ... this is very <u>different.</u>]

Also, there are plenty of outdated tutorials and articles on the web, so make sure that you're getting <u>reliable</u> information. DO the research.

Q: How does ATTRACTION Marketing play into AFFILIATE Marketing (and NETWORK Mktg)? ... it is a "powerful partner". ATTRACTION Marketing IS "all about" the SKILLS we need!

What Kind of SKILLS? - Over time, here are just a few: Market Research / Website Building / Copywriting / SEO / Advertising / Digital Traffic / Blog Marketing / YT Videos / Social Media Marketing / eMail Marketing / Podcasts / etc

Success - YES, 'highly' probable - but, it requires ... having a G-R-O-W-T-H MINDSET too, and that you 'believe' that everything is within your reach - that you have the determination / perseverance / patience / the right work ethic - that you LOVE what you are doing - and that you'll HELP OTHERS along the way!
