FACT: More than ever, people (especially <u>WOMEN</u>), now <u>worry</u> about - their futures - their finances - Covid aftermath - bad bosses - heavier (Click) >> workloads - low salaries - job insecurity - often causing sleep loss / real fear / anguish / burnout.

One SOLUTION: <u>Affiliate Marketing</u>. It <u>IS</u> a method of making good money Online, promoting OTHER'S products. You can earn a nice "side-income" - PART TIME - for every purchase made (like a "finder's fee" for referring new customers).

What Affiliate Marketing is <u>NOT</u> - It is <u>not</u> Network Marketing / MLM (although many in MLM are using "certain aspects" of <u>this</u> eBiz Model as a way to further "enhance" the success within their MLM Business). ------ (Click) >>

Ok, first, let us say you wanted to "get your feet wet", and create your OWN product(s) or service(s) to sell Online (scary, but doable).

But - - **THEN** you discover what Affiliate Marketing is <u>really</u> all about ... and you decide that ... instead of finding that 'huge' amount of CAPITAL + TIME + SKILL required ... to "create" a

**PRODUCT** or **SERVICE** (that some might not "want" to buy) ... you try selling **someone ELSE'S** - part time - Online - from your home - for your reward / commission (which is exactly what <u>tons</u> of ordinary people **are** doing today - to help "secure" their financial futures).

With over \$2.5 TRILLION (with a "T") per year, already being spent in retail purchases, Online, there's never been a better opportunity to "make money" than with an Online Business (an eBusiness) - via Affiliate Marketing. (Click) >>

Yes, Affiliate Marketing, BUT => With a very B-I-G DIFFERENCE!

More about the beauty of **EVERGREEN PASSIVE INCOME** later, but << (Click) -- here, an honest look at "both" sides of **Affiliate Marketing**.

**TRAINING!** You'll see that the (#1) **CON** listed is => "lack" of TRAINING. See below:

THIS was the (#1) major reason for FAILURE in Affiliate Marketing! Sadly, the FAILURE RATE - even today - in Affiliate Marketing - is still "extremely" HIGH!!

As a newbie ("regardless" of your occupation / situation / status) - to become a "successful" **Affiliate Marketer** - you absolutely <u>need</u> to invest in quality **TRAINING first** - education that provides a comprehensive LEARNING experience - the vital GUIDANCE needed.

Luckily, there are many FREE Affiliate Marketing courses available Online - as well as many PAID ones available. And here's <u>another</u> area that will need careful attention ...

<u>Affiliate Marketing FUNNEL</u> = a strategy (a logical & easy PROCESS) - that directs your visitors - "to your Website" ... driving your TRAFFIC to where "you" want them to go. The typical "end result" is => positive A-C-T-I-O-N by the visitor (a "customer / client" conversion). This requires (click) => <u>TRAINING!</u>

<u>PERSONALLY</u> - I've tried a number of Books / Courses + eBooks / eCourses / Tools / Platforms / etc - including what I show you, next - [and MORE]. But, as a total "newbie" to <u>Affiliate Marketing</u> myself - I wanted **a)** to learn exactly what <u>Affiliate Marketing</u> really WAS (especially for a Business & Financial Consultant & Health & Wellness Advocate ) and **b)** to find **Training** - for <u>BEGINNERS</u> (like myself) - and that, ideally, was 100% FREE.

>>> After much research, here's what I came up with: <<<

^ (( Click )) ^

The above DOES represent <u>proper</u> (HIGH QUALITY) "training" for (BEGINNERS) to the **Affiliate Marketing** world - while at the same time, many being FREE. Yes, there are indeed, some "superb" <u>PAID</u> Affiliate Marketing Courses (<u>The Authority Site System</u> - at \$997 + <u>The Affiliate Lab</u> - at \$979) ... but these are more designed for those with "some" <u>prior</u> experience. Once again - <u>EVERGREEN PASSIVE INCOME</u> - is very <u>different</u>.

Also, there are plenty of outdated tutorials and articles on the web, so make sure you're getting <u>reliable</u> information. DO the research.

Q: How does <u>ATTRACTION</u> Marketing play into <u>AFFILIATE</u> Marketing? Easy ... it is a "powerful partner".----- (Click) >>> ATTRACTION Marketing IS "all about" the SKILLS we need!

**SKILLS** - It's 'possible' to have the life of your dreams, with AFFILIATE Marketing - and the ATTRACTION Marketing Formula shows us "how" (above). Yet FEW do succeed.

What KIND of Skills? - Over time, here are just a few: Market Research / Website Building / Copywriting / SEO / Advertising / Digital Traffic / Blog Marketing / YT Videos / Social Media Marketing / eMail Marketing / Podcasts / etc

And these are all "along with" having ... a **G-R-O-W-T-H MINDSET** ... that you believe everything <u>is</u> within your reach - that you <u>have</u> determination, perseverance, patience ... and WORK Ethic! ... to self-improve -- and to "constantly" => <u>HELP</u> <u>'OTHER' PEOPLE!</u>

What this is <u>NOT</u> >>>>>>>> <u>Click HERE</u>.

IDEAL for WOMEN: Female REALTORS - NURSES - TEACHERS - PHYSICIANS - WRITERS, etc.
