

“HELLO! My name is **Amy Starr Allen**.

If you've been around me for a while, you've probably heard me talk about one of the things I love most about my business and about my work in the world.

I am primarily an Affiliate Marketer, and with a marketing company that I absolutely adore.

Our mission and purpose is to 'Be the Change' in the world, and in the Home Business industry. And we - at **HBA** (The HOME BUSINESS ACADEMY) - we do that in many, many ways ... such as**:**

= We provide a “container” for Home Business Entrepreneurs - in all kinds of niches - to come, and learn, and grow, together - in a suportive and safe environment that does not involve ego, competition, cross-recruiting - or any of the other antics that can be a huge turn-off in the Home Business space**;**

= We provide a ridiculous amount of “support” for our members - including 7 live Zoom Masterminds per week … where we teach marketing … spend time together … and no question ever goes unanswered**;**

= We pay our Affiliates (**80%**) COMMISSIONS on our (**4**) amazing Products / Services - in a ONE-Level Affiliate Program - to make it easy for our Affiliates to be “in control” of their income (and **2** of the **HBA** products pay a RESIDUAL / recurring monthly commission)**;**

= And the list goes on, and on ...

BUT - the thing that “lights me up” the most - about what we have - and the great work we do in the world is that … for every sale we make - as an Affiliate in our businesses - a portion of it gets donated to a **charity** called … “Feed My Starving Children” (**FMSC**) (a charity that will not even accept donations from the Government, as most of the charities that do - tend to have higher overheads - with “far less actual $$” going to those who need it most).

So far (as ‘this’ is written) - as a community - we have provided **249,295 DAYS** worth of meals - to starving children - all over the world.

OMG ... this is just the best thing - ever!

We usually do get a “voice message” each month from Jessica, at Feed My Starving Children (FMSC), thanking us for the work we are doing. And back in November, we all went - as a community - and helped to “pack the meals” at one of the headquarters in Arizona. It was truly spectacular.

We also “presented them with a check” at that event - with enough money to provide yet ‘another’ **17,103 DAYS** worth of meals to starving children.

We raised that just from our event ticket sales alone (our events are all not-for-profit and we donate all of the proceeds 'above cost' to FMSC - Feed My Starving Children).

So, a few days ago, we, at **HBA**, received this message from the Executive Director at Feed My Starving Children (FMSC) reminding us that we are all "life savers". I love this so much - and I cried when I saw it.

Anyway, I do like to mention this, from time to time, since it's such a huge part of my own purpose.

I know sometimes we are looking for a way to be "the change in the world", and don't really know what that looks like. And that was definitely me, before I had the opportunity to make a difference in this way.

So, if "you" want to learn more about how "you" can have a lucrative Affiliate business - consisting of 80% "recurring" monthly commissions - in one of the most supportive, and caring communities on the planet - while at the same time, making a HUGE difference in the lives of starving children, world-wide … "you" need to find out more about The Home Business Academy (**HBA**)."

Love you,

Amy '
