**APC** (Affiliate Profit Code) - [Sarah Staar](#)

[[ \$997. [USD] once -or- 3 x \$397. [USD] (only opens occasionally) ]]

---

**APC** - An **eBiz Training Program**, teaching how to use simple **Facebook "SMS" Ads** to build a successful Affiliate Marketing **eBusiness** - those Facebook Ads that will TARGET => **"Mobile Phone" users** only (that's everybody!) - with FB's "SMS" (Short Message Service) option.

---

**SMS** is a most popular communication channel. Many (most) SM [Social Media] users "want" to receive their notifications - **via TEXT** - to their PHONES, and FB "does allow" (SMS) "ADS" - simply directing prospects to a VIDEO Link, which leads [ideally!] to a DIGITAL Affiliate Product / Service that APC owners have previously selected as their own **NICHE** (not Ads to a Physical Product).
