

Dave Ramsey - is a prominent American Personal Finance expert, radio host, and author, who founded >>>> [Ramsey Solutions.com](http://RamseySolutions.com).

He is best known for teaching "common sense" principles - to help people in escaping debt, in managing money, and in building wealth.

Here's a recent Feature Report that is "critical" - as more and more people "are" thinking **DIGITAL** in today's world:

Here's What **NO CASH** Truly Means:

A "Cashless Society" means - NO CASH.
ZERO.

It doesn't mean "mostly" cashless - and that you can still use a "wee bit" of cash. NO.

CASHLESS means ... fully **DIGITAL** ... fully **INTERNET** ...
fully **VIRTUAL** ... fully traceable ... fully controlled ...

I think those who "support" a CASHLESS Society are simply NOT fully aware of exactly "what" they are really "asking" for.

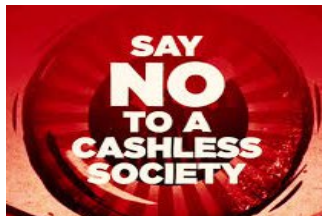

A CASHLESS Society "truly" means:

- * If you are struggling with your mortgage on a particular month, you can't do an odd job to get you through.
- * Your child cannot go and help the local farmer to earn a bit of summer cash.
- * NO more cash slipped into the hands of a child as a good luck charm or from their grandparent when going on holidays.
- * NO more money in birthday cards.
- * NO more piggy banks for your child to collect pocket money & to learn about the value of earning.

- * NO more cash for a rainy day fund or for that something special you have been putting \$20 a week away for.
 - * NO more little jobs on the side because your wages barely cover the bills or put food on the table.
 - * NO more charity collections.
 - * NO more selling bits & pieces from your home that you no longer want/need for a bit of cash in return.
 - * NO more cash gifts from relatives or loved ones.
-

What a CASHLESS Society DOES Guarantee:

- * Banks have full control of every single penny you own.
 - * Every transaction you make is recorded.
 - * All your movements & actions are traceable.
 - * Access to your money can be blocked at the click of a button, when/if banks need 'clarification' from you - which will take about 3 weeks - a thousand questions needing answers - five thousand passwords.
 - * You will have NO choice but - to declare - and to be taxed - on every dollar in your possession.
 - * The government WILL end up deciding what you can - and cannot - purchase.
 - * If your transactions are deemed in any way questionable, by those who create the questions, your money will be frozen, 'for your own good'.
-

Forget about CASH "being dirty" - stop being so easily led.

CASH has been around for a very, very, very long time ...
CASH gives YOU control over how you trade within this world.

CASH gives you independence - and, if you are a customer, pay for your products & services - with CASH - where possible.

If you are a shop owner, remove those signs that ask people to pay by CARD.

CASH is a legal tender - it is "our right" to pay with CASH.

Our banks today are making it increasingly difficult to lodge CASH.

Please open your eyes ... stop believing everything you are being told.

Almost every single topic in today's world is tainted with corruption & hidden agendas.

Pay with **C.A.S.H** ...

Say **NO** to a CASHLESS Society - while we still have a choice.
