

What Makes **LiveGood** - So **DIFFERENT**?

Well, for Starters ...

One SIMPLE shift can save you HUNDREDS of \$\$\$ on Supplements:

STOP paying for >>> **MARKETING!**

One of the biggest problems in the supplement industry:

LiveGood's CEO says: "*most companies are spending MORE money on:*

- × Celebrity endorsements - × Influencer Rah-Rah - × Fancy packaging
- × Massive advertising campaigns - × Middlemen, and retail markups

... than they are spending on the "actual ingredients" INSIDE the bottle" - which means consumers are often paying - \$60, \$80, even \$100+ - for products that cost very little to make - so they're getting low quality ingredients, proprietary blends, fillers, and underdosed formulas".

At **LiveGood**, the philosophy is **DIFFERENT** ...

Instead of "paying celebrities millions of dollars" ... they focus on:

- ✓ High-quality product ingredients ✓ Full product label transparency
- ✓ Third-party testing ✓ No ridiculous markups ✓ Real products, at real prices

Because people should "never" have to choose between: their HEALTH - or - PAYING their BILLS. NEVER. NO. That is "not" RIGHT.

This is why **LiveGood** has become one of the fastest-growing Wellness Brands in the world. They've already "been" there, in the OLD way (with it's huge product prices / forced autoships / heavy recruiting pressure / etc /etc)!

NOW, it is: Highest Quality // Lowest Prices // Every Single Day // That's What is RIGHT.

And THAT is a large part of the huge, and welcome, **LiveGood** >>> **DIFFERENCE**.
