There is a prophecy that reveals a time-sequence progression at the time of the Savior's second coming. It contains some of the most compelling symbols, but they have always been wrongly assumed as being confined strictly to the future.

That is the "four horsemen of the apocalypse" of Revelation 6:2-8.

The true prophet well knew that each horseman of the apocalypse was dependent on the negative results of the previous horseman, which viewing these in reverse order more than bears out. For instance, the fourth or last of the horsemen rides a pale horse, the rider of which is named "Death, and the grave followed close behind him" (Revelation 6:8). This is the direct result of the black horse immediately preceding it, whose rider holds a pair of scales, representing famine due to scarcity, and the resulting inflationary food prices (Revelation 6:5-6).

This modern form of warfare, which is economic in nature, follows directly on the heels of the fiery red horse, whose rider with a large sword robs the earth of peace, representing open combat warfare (Revelation 6:3-4). Finally, this is the primary result of the very first horseman, with a bow and a crown, on a white horse, seeking conquest as a conquerer (Revelation 6:2).

What else could this first horseman be but a major false religion/government, with a martial theme of "soldiers marching as to war" (i.e. Christianity — Catholic and Protestantism combined — or a nation that claims to be the major embodiment of this religious idolatry)?!

The first four of the seven seals of the book of judgment begin and lead directly up to the Savior's second coming. The first of these seals is represented by the prophetic symbol of:

"A white horse whose rider held a bow, and he was given a crown, and he rode out to conquer, bent on conquest." (Revelation 6:2)

Think about the world power of a religious nation-state, such as the Vatican, and its crusades, inquisitions and many wars of conquest over the centuries, and you will perhaps see the truth that this deceptive-appearing "white" horse represents in truth, major false religious deception at work in the world. The "bow" carried by this rider shoots arrows of accusation, slander and libel, up to and including false testimony in courts of law (e.g. law = false law), just like the adversary whose purpose is to afflict the righteous with these weapons of false tongues, poison pens, prejudiced press, and tale-bearing "news" reports, etc. (cf. Ephesians 6:16)!

False religions such as the great false scriptural heresies from the Islamic Koran, and Masoretic “Hebrew” Old Testament, to the Greek New Testament and first German and English attempts at translating the scriptures as the bible are the very cause of the first of the four horsemen of the apocalypse (Revelation 6:1-2), with the resulting dark age of uncleanness, superstition, moral debauchery and evil in which we still find ourselves.

Keeping in mind that scriptural prophecies often have prior, less significant, foretype fulfillments in the past while awaiting their complete future fulfillment, we come now to the complete and final fulfillment of the "four horseman of ther apocalypse", which is set to take place in our modern, end-time age!

The first horseman of the apocalypse (Revelation 6:2), riding a white horse to deceive mankind into thinking it is the Savior Himself, but carrying a bow by which it conquers and seeks to conquer all people on earth, could be none other than scientists/medical doctor false-“saviors,” whose “bow” is the hypodermic filled with poisonous vaccines, which are SHOT into people, creating a mark upon the flesh (the proposed crypto currency would work in conjunction with a new micro-ink implanting with a vaccine shot, which could be read by an app on a cell phone, giving the individual’s history; medical and also personal work/financial history, etc.).

The Bible did forewarn us about the Covid-19 vaccine in the prophecy of the Four Horsemen of the Apocalypse, the first “horseman” in white (lab coat) bearing a bow with which to shoot others (vaccine needle) and carrying a crown (corona, fake “virus”), going forth to conquer the world (via lockdowns, fake quarantines, business and church closures, etc.), and about to usher in the second horseman of nearly endless war, and the third horsemen of manmade famine and starvation as a direct result, including the prohibition against buying or selling unless taking the name and mark of the beast first, finally followed by the fourth and final horsemen, a total weaning of the present world population via deadly wars, manmade plagues, executions, etc.! (see: Revelation 6:2-8)]

Warfare and resulting death, destruction and chaos is the hallmark of the second horseman of the apocalypse, of course (Revelation 6:3-4), which includes the ravages of the industrial revolution, the rise of the major false secular religions of agnosticism, evolution, medical science, and even mysticism, witchcraft and hidden albeit very prevalent satan worship!

This leads directly to the second red horseman of the apocalypse (Revelation 6:4) which is warfare conducted to bring the entire earth into submission to the first horseman. The second of the seven seals, and one that is the immediate result of the previous first horseman of the apocalypse, is represented by the prophetic symbol of:

“...another horse, a fiery red one. Its rider was given power to take peace from the earth and to make men kill each other. To him was given a large sword.” (Revelation 6:4)

What could this be other than military forces of religion-misdirected nations, set against one another in mortal combat? This is the ultimate and direct result of religious deceit, ignorance and deception, which directly grows out of using the bow, itself a weapon of war and terror, when used against people.

The world wars and countless local to global conflicts have all resulted in the rise of inevitable famines; the third of the seven seals, the third horseman of the apocalypse, which is represented by the symbol of:

“...a black horse! Its rider was holding a pair of scales in his hand. Then I heard what sounded like a voice among the four living creatures, saying, ‘A quart of wheat for a day’s wages, and three quarts of barley for a day’s wages, and do not damage the oil and the wine!’” (Revelation 6:5-6)

This will be an economic/pandemic war that results in inflation and food shortages.

The rather enigmatic meaning of this symbol is recognizable as an immediate result of military warfare and religious conquest, which is taking control over natural resources and profiteering from this position of power at the expense of anyone who is not privy to the inner workings of such “commerce” (the tilted, dishonest scales of which are legendary). This, then, represents the rise of deceitful government fiat “money” supplies, courts, banks, corporations, stock and commodity exchanges, and food wholesale or retail distribution – particularly those involved in the sale of grains – to control world populations through the means of religious, military, judicial, monetary, and now even patented, genetically modified and terminator “seeds” types of conquest.

This present period of perpetual troubles will intensify globally, leading to much death from many different causes (war, famine, personal and mass religious suicides, heart disease, cancer, AIDs, Autism from poisonous vaccinations, many other forms of poisoning in the water and “food” supplies (particularly from agricultural practices, mass manufactured, wholesale, “fast” and retail food businesses), motoring, hunting and flying accidents, natural and manmade disasters (including false flag “terrorist attacks” by our own governments), and finally the mass purges of everyone refusing to bow down and worship the coming bestial ruler over all the earth, who will falsely claim to be the “savior” and perform false “miracles” to convince many; the fourth of the seven seals, the final and fourth horseman of the apocalypse, followed by the fifth seal on the Lamb’s book of Judgment (Revelation 6:9-11).

The final and fourth horseman of the apocalypse is represented by the prophetic symbol of:

“...a pale horse! Its rider was named Death, and the grave was following closely behind him. They were given power over a fourth of the earth to kill by sword, famine and plague, and by the wild beasts of the earth.” (Revelation 6:4)

The fourth pale horseman of the apocalypse is death and the grave, which naturally follows the first three as a direct consequence (Revelation 6:8), which is the beast power’s final 3 1/2 years of rule on earth, opposed by the prophesying of the two witnesses (Enoch and EliYahv (of which "Elijah" is a corrupt English translation)) the entire time!

What else could this be, other than what we nowadays call “science” and modern medicine in action? Stemming directly out of the religious conquests, military wars and takeovers, and finally the control and corruption of the food supply, has lead directly to the plagues of sword (vaccination and medical

needles, injecting deadly poisons), famine (cancer, a wasting disease similar to slow starvation), and plague (diabetes, AIDs, and every other manmade or man-engendered disease, such as the bubonic Black Death – resulting from raw sewage seeping into “potable” water supplies, and fleas carried by rats that became infested as a result of this contamination – among others).

Finally, the wild animals are increasingly – like their human counterparts – being driven wildly insane by the modern practice of broadcasting microwaves everywhere, polluting the airwaves with electromagnetic radiation pollution from electrical generating and radio, TV and cell phone transmission facilities, to the radioactive contamination of nuclear power plants, and the resulting irresponsible irradiation of the environment.

Looking at all these modern fulfillments of these remarkable ancient prophecies, how can you fail to realize that we are well into the last days, right now, today!?

A key element of the prophesied final beast power to arise in this end age, known as "the mark of the beast," in fulfillment of the prophecy of Revelation 13:16-17, which is associated with the infamous number so little understood, and often falsely and wrongly applied to many down through the ages, "666" (Revelation 13:18).

The prophet also discovered and set forth evidence, in the mid-80s, of the then soon-to-become ubiquitous use of this number in everyday buying and selling, (without which neither would eventually be possible) hidden within a mark that could be scanned and read by computerized technology that was only then starting to become powerful enough to bring about a worldwide control of every monetary transaction.

Long before this was possible, the prophet realized and warned that the digitalization of currency into a form that could be encoded and tracked by such a mark was on its way, and that it would one day be possible to prevent men or women from buying or selling without such a mark, to starve those reluctant to accept such a mark into compliance or, in the alternative, to impose the death penalty against those who refuse. The "four horsemen of the apocalypse" of Revelation 6:2-8 are associated with this same bestial power, that puts to death all who stand against or opposed to it (Revelation 6:9-11).

Could the name of the rider of this last horse be Gates (the “gates of hell” or the grave), who wants to destroy most of the present population on earth with his deadly vaccines?!?

As the prophet said in a video, “The Gates of Bill shall not prevail...” (referring to the eugenicist/vaccine pushing mass-murderer former CEO of Microsoft, whose new patent W0/2020/060606 is all about creating a digital currency that links to an individual’s actions to determine what they are allowed to buy or sell. Bill Gates also has plans to implant a permanent but invisible ink mark under the skin with his vaccines that can be read by a special cell phone app, that would include your medical history and other personal information (like whether or not you’re authorized to buy or sell).

That’s exactly what the prophet has been writing and warning people against (the Mark of the Beast) since at least 1987! The number of man, 6, is just 1 shy of perfection, but misses that mark by focusing

on the beast's/satan's mark instead!

Wars are being fought daily, with millions of casualties, around the world, without a soldier in sight. The battlefields are modern hospitals, but rather than bombs, bullets, and chemical agents, the weapons are surgical scalpels, needles, drugs and false psychology, the religious faith of secular "authorities" who claim to know better than you or I what is "best" for us.
