

This file contains the list of links to the other files that contains information from materials of a certain ministry that deals with various scriptural prophetic topics (such as Mystery Babylon, the Beast, the Four Horsemen, etc).

The information on the specific scriptural topics are scattered throughout various materials (books, ebooks, online articles, etc) of the ministry mentioned, so I have compiled and organized (much of it by copy and paste) that information into single files.

Each file has a download link that allows you to instantly download the files, in either Microsoft Word (DOCX) format or PDF format (some files have both a long version and a short version).

I am not a part of the ministry, but I am some one who is very well convinced (far more than of any other ministry or resource that I have come across with, so far) that the ministry referred to is actually authentic (as in Divinely inspired and Divinely sent), and I think and wish to share the information of the ministry with others for their own consideration while I'm on my own life's journey. That is part of the reason that I have created these files.

The information covered in these files about these prophetic topics is not a complete, all-encompassing work of the ministry's information and stance on these particular topics as I have not yet read all of the materials of the ministry and also new insight and new Divinely inspired revelations are claimed to still be a continual, ongoing process in this ministry, on both these particular topics in scriptural prophecy as well as other scriptural topics.

For further information about this ministry, which is the Pure Truth Restored / APT Publishing, I have provided a list of some of the ministry's links at the bottom of this main file.

These files may be shared freely with anyone.
