## 2015 InStyle Beauty Black Book

**“The coolest can’t-miss beauty spots in America.”**

### **THE RETREAT AT CASTLE HILL BY FARMAESTHETICS**

Having recently transformed two of their historic mansions' ocean-view suites into serene treatment rooms, this circa- 1875 hotel on Narragansett Bay offers a short but pleasing menu of services, including a personalized facial featuring products made with organic herbs and oils. Our tester reported plump, moisturized skin after helpings of Farmaesthetics Herbal Hydration Complex Mask (\$48), which takes down redness, and the Nutrient Dense Fine Facial Oil (\$58; [farmaesthetics.com](http://farmaesthetics.com)), all delivered while she cozied up on a heated bed.
