## 10 Boutique Hotels With Chic Beauty Products Worth Stashing in Your Suitcase

**Farmaesthetics®**   
Fine Herbal Skincare From the Farm

### Castle Hill Inn

When this seaside escape in Newport, Rhode Island, set about launching a spa, it found a like-minded partner in Farmaesthetics, whose locally made skin care imbues high-quality naturals with a modern take on luxury. In addition to custom in-room amenities, there are full-size products for sale, like the beach-ready Cool Aloe Mist. This summer, the Retreat at Castle Hill will launch a two-and-a-half-hour Rose Immersion treatment, as a nod to the property's garden. One of the new products to be used—Vassar Rose Perfecting Polish—is billed as an alternative to microdermabrasion and promises to leave skin petal-soft.
