

CERTIFICATE OF SUPPORT

1,200 TREES PLANTED

Tenere Team

**Farmers will plant 1,200 trees in Forest Gardens throughout
Sub-Saharan Africa in your honor.**

Your support plants fast-growing soil rebuilding trees, fruit trees that diversify incomes and nutrition, and trees that can provide forage and fuel-wood. Most importantly, they promote the long-term health of land, families, and communities—breaking the cycle of generational poverty, and leaving a legacy of hope for the future.
