

**Leveraging the National Climate League to Support Local Climate Action
- April 1, 2021, 7:00 - 8:30 p.m.**

Pre-registration is required. The Zoom link to the event will be sent out on March 31.

The National Climate League (NCL) is a comprehensive, multi-indicator report card for cities across Canada. It includes a wide-range of indicators tracked for cities similar to Saskatoon and Regina, such as tree canopy, bike lanes, energy generation, building codes. This event will introduce the NCL and how you can use it to support your climate action work.

Email Address:

Please check here if you do not want your email address shared with other participants.

Name:

Organizational Affiliations (related to climate action):

The following lists the indicators used by the National Climate League to assess the climate action by municipalities. Please choose two (2) that most closely relate to your climate action work and interests and enter them into the text box.

- Affordable Housing
- Air Quality
- Bike Lanes
- EV Charging Stations
- Fuel Expenditures
- Landfill Waste
- Local Agriculture
- Local Energy
- Public Transit
- Road Safety
- Shared Vehicles
- Sustainable Buildings
- Sustainable Jobs
- Tree Canopy Cover
- Walkability
