

Joining is as easy as 1, 2, 3:

1

Create a free account through iNaturalist.ca or the free iNaturalist app.

2

Record photos or sounds of plants and animals you see around the city during the CNC.

3

Upload observations and location using the iNaturalist app or digital camera photos to iNaturalist.ca.

See the results at: [iNaturalist.ca/projects/city-nature-challenge-2022-saskatoon-sk](https://www.inaturalist.ca/projects/city-nature-challenge-2022-saskatoon-sk)

Why participate?

There is nature all around us, even in our cities! Knowing what species are in our city and where they are helps us study and protect them, but the ONLY way to do that is by all of us – scientists, land managers, and the community – working together to find and document the nature in our area. By participating in the City Nature Challenge, not only do you learn more about your local nature, but you can also make your city a better place – for you and other species!

**April 29 -
May 2**
**Taking pictures
of wild plants
& bugs**

**May 3 -
May 8**
**Identifying
what
was found.**

about CNC YXE.

stbarbebaker.wordpress.com

It's a friendly challenge to see which city can

- 1.gather the most observations of nature,
- 2.find the most species, and
- 3.engage the most people.

How can I help? Using iNaturalist take pictures of wild plants, animals, insects, mushrooms & wild organisms

The CNC is a fun, simple, and family-friendly event that's easy to execute and can easily fit within public health guidelines.

Areas Inc.

**Saskatoon and
area will compete
for the title of the
most
Biodiverse City.
We need your help.**

CNC YXE vision.

Place Saskatoon & area's amazing biodiversity on the world stage. Share internationally our flora and fauna. we are so proud of.

- We provide virtual webinars to groups interested in hosting nature connect sessions (bio-blitzes)
- We host education ZOOM sessions on how to best use the free iNaturalist app

Environmental protection and education programming endeavours which increase public awareness, community participation, & increased knowledge around the natural environment!
