

Conservation in
the community

We are currently
looking for some
wonderful humans
to work on the
ground and bring to
life projects that
vulnerable
ecosystems really
need.

Biodiversity Challenge

Look in your back yard, your house, bus stop, forest, park, schoolyard, near the wetlands for wildlife! Record your discoveries on the smartphone iNaturalist app. WANTED photos of plants, animals, wildlife, insects, pollinators, birds, or evidence of organisms like; scat, seashells, nests, feathers, tracks, spider webs and so on. Come to a hosted event or arrange one.

Group Meets

September 15-18 at George Genereux
Urban Regional Park and Richard St.
Barbe Baker Afforestation Area in
Saskatoon. <http://friendsareas.ca>

Biodiversity Challenge

About us

We are a registered nonprofit environmental charity. We provide tours, bioblitzes, and secure these vulnerable protected hidden gems, the afforestation areas from illegal trespass, and contamination.

For volunteering opportunities, visit our website.

Environmental Conservation

What You Can Do

- ✔ Record photos of wildlife organisms on iNaturalist
- ✔ Visit the afforestation areas on a tour Sept 24, 25 or help out at a BioBlitz September 15-18
- ✔

Recycle, Reuse, Respect the environment

Take part in the upcoming fence tagging to protect wildlife

Make a difference by making a donation at <http://friendsareas.ca>
