#### Remote frequency therapy Bio-Atunement:

Everything has a frequency and there are harmonic and dis-harmonic frequencies. By transmitting the correct counter frequency, the disharmonious frequencies are phased out. We have a data base of more than 55,000 programs to phase out many complaints. There are also relaxation, energy and DNA repair programs to support a healing process. Very useful for larger animals and or complaints that are more difficult to treat.

The Prepaid Family Rescue Package INCLUDES pets and entitles you to 10 days of acute Bio-Atunement support. EE € 125,- excluding one-time costs of 40 euro for start-up.
