

ROOM BY ROOM RULES:

Entrance

A VERY IMPORTANT AREA!

It is where energy flows into the house, so by protecting it and activating it you will welcome powerful energy into your household.

 DOs	 DON'Ts
<ul style="list-style-type: none">• Make sure the door can open fully and not blocked by storage or shoes.	<ul style="list-style-type: none">• It is also not good to see kitchen stove or fridge from the entrance. <p>Stove and fridge symbolize the treasure or money, and we do not want others to see through too easily. Again, blocking with a furniture, screen, or even a wall will help.</p>

Living Room

<ul style="list-style-type: none">• Should be bright.	<ul style="list-style-type: none">• Be careful with animal images as decoration, make sure it is compatible with the animal sign of people living in the space.
<ul style="list-style-type: none">• Make sure there is a wall behind the sofa, or the person sitting there would feel insecure.	

<ul style="list-style-type: none"> • 45 degrees from the entrance is the corner of wealth. Arrange the area to look auspicious and prosperous. At least, keep this corner clean and clutter free. 	
<ul style="list-style-type: none"> • If there is a window in this area, cover with a curtain. 	

Kitchen

<ul style="list-style-type: none"> • Stove and refrigerator should be somewhat hidden from the view of public area (living room or entrance). 	<ul style="list-style-type: none"> • The stove and sink should not face each other because fire and water are conflicting elements.
<ul style="list-style-type: none"> • Any pipes, wires, and beams should be hidden. They look like a snake and creates bad energy that might hurt the health of the owner, especially the female who use the kitchen the most. 	<ul style="list-style-type: none"> • The faucet should not face a window because that means water (symbol of money) flowing out of the house

Bathroom

<ul style="list-style-type: none"> • Avoid the bathroom right in the center of the house, or as soon as you enter the house. Also we don't want to see toilet easily from public space. 	<ul style="list-style-type: none"> • Bathroom door should not face any room directly, especially bedroom, kitchen, or living room. If it is not avoidable, add a long curtain in front of the door.
--	--

Bedroom

<ul style="list-style-type: none"> • There should be space on both sides of the bed. Like a house, left side is the dragon, or male energy, and the right is the female energy. If one side is against wall, the related energy is blocked and creates imbalance in life. 	<ul style="list-style-type: none"> • There should be no window behind the bed so it feels secure to sleep.
--	---

	<ul style="list-style-type: none"> • The bed should not be facing the door for the same reason.
	<ul style="list-style-type: none"> • Avoid the beam above the bed because it is stressful for people sleeping there. • The mirror should not face the bed, or the door so people don't scare themselves in the middle of the night. Any shiny reflective surface should be treated as mirror too.

Office

<ul style="list-style-type: none"> • When you sit down in front of the desk, there should be a wall behind you for stability. 	<ul style="list-style-type: none"> • There should be no window behind the bed so it feels secure to sleep.
<ul style="list-style-type: none"> • There should be open space or window with view in front. You should also see who is coming in from the door when you are seated. 	<ul style="list-style-type: none"> • The bed should not be facing the door for the same reason.
<ul style="list-style-type: none"> • The art or decoration should be inspiring depending on your career. Take down any artwork associating with negative feelings. 	<ul style="list-style-type: none"> • Avoid the beam above the bed because it is stressful for people sleeping there.
<ul style="list-style-type: none"> • Keep the space bright by adding appropriate lighting. 	<ul style="list-style-type: none"> • The mirror should not face the bed, or the door so people don't scare themselves in the middle of the night. Any shiny reflective surface should be treated as mirror too.
