Farmaesthetics Midnight Absolute Candle FARMAESTHETICS

Farmaesthetics Midnight Absolute Candle

It took a year of perfecting this candle before it hit shelves. Created in tandem by Farmaesthetics founder Brenda Brock and Celine Chappert of Officine Oils of Paris, it is made with the best natural oils, waxes, herbs and flowers native to France and the US. The muse is the Farmaesthetics Midnight Honey Bath & Beauty Oil, with a blend of honey, violets, wood, roots and bergamot. Each candle is hand-poured into an amber apothecary glass and the beechwood wick crackles when lit to enliven the senses. \$38, [farmaesthetics.com](https://www.farmaesthetics.com)
