Ancient Healing, Modern Wellness

in the heart of the North Miami

H
HÜRREM
HAMMAM
WELLNESS & SPA

Welcome drink is Rose Refresher

Hürrem Hammam Wellness & Spa is a brand-new luxury spa in the heart of north Miami.

We are proud to be the first and only authentic Turkish hammam in the United States. From our beautiful gobek tasi, to the marble kurna sinks, to the magnificent dome-shaped ceilings and hand-carved doors, each and every detail of Hürrem Hammam has been meticulously crafted with authenticity in mind.

In addition to traditional architecture and design, our 20,000-square-foot spa offers classic hammam treatments and amenities dating back to the Ottoman era: luxurious foam massages, kese mitt exfoliations, Platza treatments, peshtemals and more.

These ancient bathing rituals are brought to life by artful presentations and performances, the same way royal elite were once entertained at the Imperial Harem of Topkapi Palace. Even our welcome drink is inspired by history – a tantalizing tea of hibiscus and honey, once favored by Sultan Hürrem herself.

Together these elements present an honest and immersive introduction to Turkish bathing culture, and the incredible healing benefits of hammam.

A very special place inspired by the Golden Age...

Welcome to Hürrem Hammam Wellness & Spa, a brand-new luxury spa and authentic Turkish hammam inspired by the golden age of the Ottoman Empire, and its most famous love story.

Opening early 2024 in the heart of north Miami, our 20,000-square-foot spa celebrates Turkish bathing culture in spectacular fashion, with stunning architecture and design inspired by Topkapi Palace and Istanbul's extravagant hammams.

Here at Hürrem Hammam, guests can uncover ancient beauty secrets, exfoliate with traditional kese scrubs, and soak in chromotherapy tubs. Melt away stress in herbal saunas, cool off in an ice-cold igloo, unwind with tailored massages, pamper themselves with hair and nail treatments, or simply linger all day long, sinking deeper and deeper into pure relaxation.

Our Hürrem logo is composed of the letters H and S to symbolize the love of Hürrem Sultan and Süleyman Sultan.

One of the options from our rich massage menu is sure to be perfect for you!

Explore our menu of full-body massages, skincare and facial treatments, hammam journeys, couples retreats, hair and nail services, and so much more — all tailored to your personal needs and preferences.
