

Monthly Meetings

We meet the first Wednesday of the month from September to November inclusive. December our meeting is replaced with our Christmas luncheon. In the new year we return to our regular meeting time and place from January to June inclusive. We meet at the Nutana Royal Canadian Legion, 3021 Louise Street, Saskatoon, Sk.

This is your opportunity to **get connected** and to **stay connected** with like minded retirees.

Highlights of these meetings are guest speakers presenting interesting topics of local, national, or global importance. As well, you can enjoy organized tours, and a number of group activities with members.

Membership Fees

Check us out: First meeting at no cost. There is an annual fee of \$30.00. An initiation fee of \$20.00 is levied to cover a name badge and related costs.

What is Probus?

Our goal is to provide **Fellowship, Friendship, and Fun** for men and women in their retirement and semi-retirement years.

We are a non-profit, non-political, non-sectarian, and volunteer-based organization of some 250 Canadian clubs with over 35,000 members.

Our clubs are all about encouraging healthy minds and bodies and socializing with other retirees in the community.

Events

In addition to monthly meetings with guest speakers, our club organizes special events throughout the year.

Management

Members take turns volunteering for the various functions that are necessary to operate our Probus club. This in itself a great way to meet new friends!

Activities

There is no limit to the types of activities organized by Probus clubs. You could be dining with a lovely group one day, then play card games, bowling, discussing books, walking, tours or other activities you would like to start!

Volunteers

All it takes is a few volunteers to take the lead and organize whatever is of interest!

From hardly knowing anyone, we soon got caught up in a variety of activities, got involved in the management of the Probus club and made new friends that we have to this day. *Carol & John*

With Probus we have more opportunities to expand our interests, more ways to enjoy our free time, and more opportunities to expand our social circles. *Patricia*

The members of my club have been awesome in the way they support club activities and support other members. *Margie*

I enjoy the excellent monthly speakers and monthly tours of a wide variety of businesses. The monthly activities also are very attractive. The friendships that have developed over the years are priceless. *Mervin*
