

Growing Together
Community Groups Join the Town
for a Spring Tree Planting Program

Treetrust TBM, Thornbury-Clarksburg Rotary and the Town of The Blue Mountains will be sponsoring a spring community tree planting event along the Georgian Trail. Over 500 hundred tree seedlings will be planted along two sections of the Georgian Trail. The planting event will occur on EITHER **April 29 or May 7**, depending on when the tree seedlings become available in the spring. So mark your calendars – and stay tuned – if you are interested to come out and help plant some trees! We will announce the go-ahead date as soon as we hear from the tree nurseries.

This project is a tangible illustration of the strength of our community: Treetrust received funding to purchase tree saplings from the TBM Sustainability Fund of the Town of the Blue Mountains. The Thornbury-Clarksburg Rotary supported the funding application and will be organizing the logistics for the event, drawing on their deep network of volunteers. Other local community groups such as the Climate Action Now Network (CANN) have also offered their support and volunteers.

The Town's Parks and Trails Department is also a big part of this effort -- lending invaluable logistical support, expertise and materials. The Town normally plants 300 saplings every year along sections of the Georgian Trail. This year, by joining forces with our community groups, a much larger tree planting event will be possible.

Stay tuned for an announcement of the date and the locations where tree planters will be gathering. In the meantime, locate your garden gloves and your favourite shovel and get ready to grow some new trees! If you would like to provide extra support and be a team leader on the planting day, please let us know by sending an email to: tbm@treetrust.ca
