

The Hendrix BLUETOOTH SPEAKER

Packaging: White Tuck Box

Drive Body Color

Blue

Imprint Color:

Imprint Method:

PAD PRINT

Artwork Approval:

All approvals or changes to the mock up must be emailed or faxed to your account manager. Once approval is received, production will begin on your order. Please note once artwork is approved, no changes may be made without a possible extended in hands date, or possible extra charges.

PMS Matching:

Please note that every computer monitor varies slightly in color and can affect the appearance of PMS colors on the screen. Also note that because of the nature of both pad and screen printing inks, and varying surface materials exact color matching cannot be guaranteed.

USB Direction:

Due to the differences in computer configurations we can not guarantee which way the logo will be facing when the USB drive is plugged into the computer.
