

# POWER SABER

It's very possible this mobile charger was named The Saber because it looks like if you pushed the button, a saber made of light would shoot out of the top. That doesn't really happen, but what if it did? The Power Saber works on all small mobile devices with a USB charging cord. Compact shape makes it easy to travel with. Aluminum body means you can silkscreen or laser engrave. Great branding opportunity every time you charge.

**Decoration Options:** 3-color Imprint, Full Color Imprint or Laser Engrave

**Material:** Aluminum

**Weight:** 2.68 oz

**Dimensions:** 3.72 in x 0.87 in x 0.87 in
