

RENT THE RUNWAY

Banned Materials

RTR aims to source animal derived materials in an ethical manner. We hold ourselves to these standards when we co-manufacture through our Exclusive Designs program, and we also ask our brand partners from whom we procure inventory directly to adhere to these standards.

Banned Materials List

RTR does not buy or manufacture inventory containing the following materials:

- Animal fur
- Animal Feathers
- Angora
- Mohair
- Exotic skins

We will continue to evaluate our materials sourcing practices and will make updates to our policy accordingly.
