Home

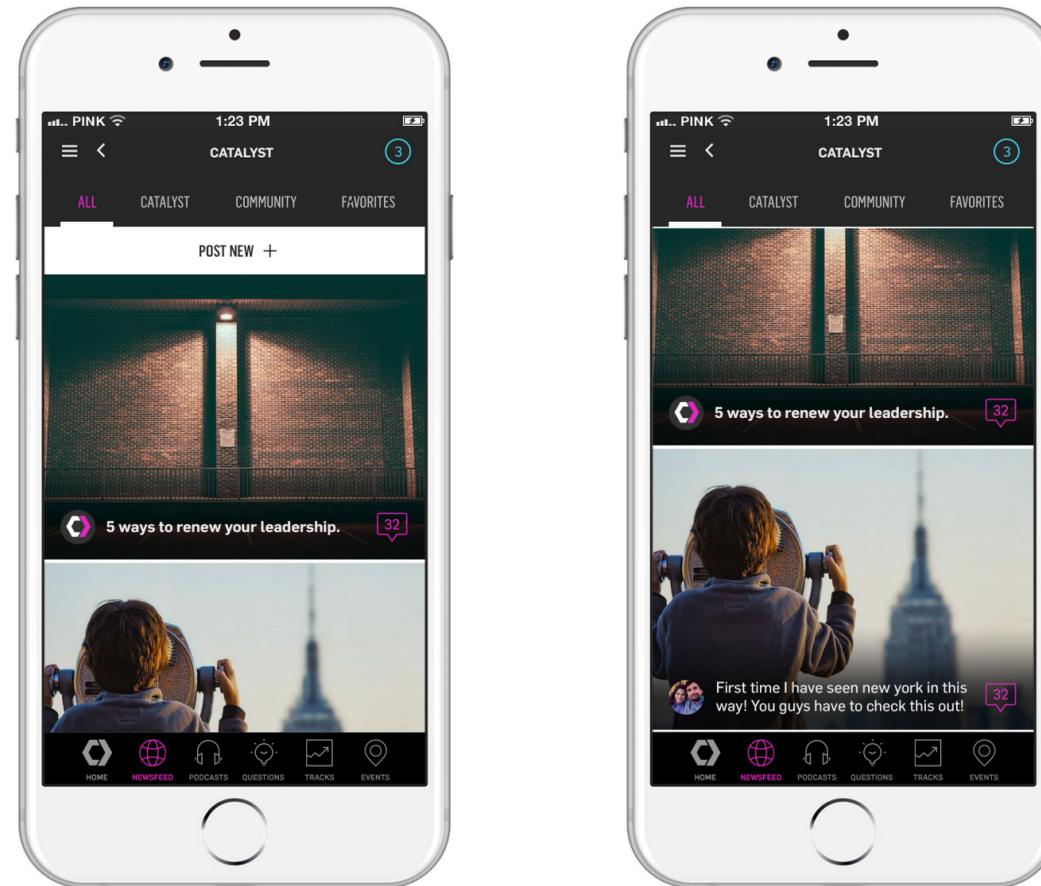

In between events the home screen shows featured content from each section on horizontal scrollers. A featured banner can promote objectives such as ticket sales or post event purchases. During an event the home screen is taken with event quick links to access the team competition, event information and the live stream. Users must create an account to access the screen to aid in email conversations.

Competition

During a live event users are assigned to one of four teams and compete at various objectives. Every objective completed helps your team and your personal score. A global leaderboard lets users see who is at the event as well as compete on an individual level.
