

## The Smart Speaker for Music Lovers

### Sonos One with Amazon Alexa built in

#### Sonos One features:

- Start and control your music with your voice. Amazon Alexa built right in.
- Play songs, check news and traffic, manage smart devices and enjoy all those other helpful Amazon Alexa skills using a single Sonos speaker.
- Combine voice with the Sonos app to manage all your music in one place: Amazon Music, Spotify, Apple Music, internet radio and 80 other streaming services globally.
- Connect wirelessly with other Sonos Home Sound System speakers to play music in any or every room.
- Enjoy surprisingly rich, room-filling sound from a smart speaker.
- Seamless all-black or all-white color with smooth matte finish for an appearance that fits in any home.
