

Investing in real estate in the New Normal: Is it Truly Disadvantageous

Real estate is composed of property and improvements, including houses, fixtures, highways, structures, and networks of services. Property rights, grant land, improvements, and natural resources such as rocks, trees, livestock, water, etc. a title of possession.

To reduce the total **investment risk**, the addition of real estate as an asset class in one's investment portfolio adds flexibility. Therefore, like any project, there are **disadvantages of real estate..**

Advantages and Disadvantages of Real Estate

1. There are impending project delays:
2. Liquidity may become a problem:
3. Uncertain progress in economic terms:
4. Price rises may not exist at all:

The Real Estate Benefits one can get, are as follows:

- Currently, the best bet is Real estate.
- Preferable deals include a 100 percent refundable booking balance.
- You should rent out the property to pay-off the EMI until the lockout is over.
- You can buy talks, get a better offer.
- At the lowest, home loan rates are
