

Title: PHP Developer

Profits4Purpose is looking for a full stack PHP developer: a creative thinker and talented engineer to help expand our growing, innovative software platform that reaches businesses around the world. The ideal candidate is customer-centric and wants to build amazing software that thrills consumers.

P4P is a highly collaborative, agile and fast paced environment - your contributions will have a major impact. This rock star will have a strong drive and desire to be a part of a fun and growing startup team. This is an exciting opportunity with profit sharing potential.

About P4P

Profits 4 Purpose (www.profits4purpose.com) is a 5 year old startup with a strong passion to utilize technology to engage corporate brands in giving back. We are working with leading companies and professional sports teams to unleash the power of their brands to impact the community.

We build every day, commit often, release often, test often and laugh often. We optimize, debug, test, release, launch... and love every minute of it.
