

Employee Giving Campaign

From the the launch page to make a donation click the Donate button.

The screenshot shows the 'BEYOND GIVING' website interface. At the top, there is a teal header with the logo on the left, the text 'BEYOND GIVING' and 'STORIES THAT INSPIRE' in the center, and a small icon of two people next to the text 'EMPLOYEE GIVING 2014 OCTOBER 6-17' on the right. Below the header is a navigation bar with links for 'Home', 'My Details', 'Administration', and 'Logout'. Two yellow warning boxes are present: the first states that the codebase is missing a Bootstrap theme for the company's custom color and that Bootstrap's default theme will be used; the second states that the website is in testing mode and that donations and matching requests are not processed. Below the warnings are four statistics: '\$10 Donated To Date (\$0 Matching)', '1% Engagement (1 Participants)', '1 Charities Supported (1 Donations)', and '69 wks Count Down (until December 31, 2015)'. The main content area features the title 'Employee Giving Campaign' and 'Featured Stories' with a paragraph of placeholder text. A red arrow points from a 'Click Here' callout box to the 'Donate' button. Below the text are two buttons: 'Donate' (highlighted with a red border) and 'My Activity'. At the bottom, there is a banner with five images: a child running in a field, a woman holding a child, a child writing, hands holding a small object, and hands working on a woven basket. The 'Abbott' logo is on the right side of the banner.

Make Donation

To request a match for a donation that you gave directly to the organization follow the steps and make sure that the following is checked: Single Donation and Offline. On Step 3 enter when you donated and what type of transaction that you used. The last thing to do on this step is to attach the receipt of the transaction. Add your charity.

Warning: This website is in Testing mode. Donations and matching requests will not be processed. DO NOT enter any real credit card numbers. In this mode, only a certain set of card info and payment amounts are accepted. If unsure which values to use, please see the *Testing Guidelines* section on page 18 of the *NFG API Integration Overview Guide*.
