**SCRIPT IDEA:** Welcome! My name is \_\_\_\_\_ We're so excited you're joining us to learn about the Healthy Living Revolution. So what is this Healthy Living Revolution all about?

## YOU HAVE 2 OPTIONS HERE:

- 1. PLAY THE HEALTHY LIVING REVOLUTION VIDEO
- 2. USE THIS VERBIAGE:

Healthy used to be simple. It wasn't the latest superfood or the new diet craze. Healthy was fresh vegetables from grandma's garden. Kids played outside until it was dark. You drank plenty of clean fresh water straight from a hose. Healthy was having plenty of energy to get through the day. Healthy was a lifestyle that we lived and we can again. So this revolution is about taking healthy back. We are taking our health back, our schools health back, our country's health back.

**SCRIPT IDEA:** Please introduce yourself and tell us what you do and what motivated you to come.

**SCRIPT IDEA:** It is amazing that some fruits and vegetables have lost 5-40% of their nutrition in the past 50 years! That's why we need at least 7-13 servings per day. A serving is the size of your fist. How many did you eat today? **(HOLD UP AN APPLE)** Scientists think there could be as many as 10,000 ingredients in one apple. Can we get our vitamins from a multivitamin or from food?

**SCRIPT IDEA:** The Healthy Living Revolution has some cutting edge solutions!

- 1. First The Tower Garden is a vertical aeroponic growing system that allows you to grow your own fruits and vegetables on your porch or patio. (SHOW PICTURE OF YOUR TOWER)
