Stephanie Butler

All: I had my electrician stop by to look at the 2 damaged lights we have at the front.

Stephanie Butler

Stephanie,;- I stopped by the entrance this morning. ;- It looks like a Handyman installed your box. ;-* No ground rod & no cover and no plug on a hot line going to your sprinklers timmer. ;-* The way it is very dangerous & sure doesn't meet code. ;-* Between appointments I'll text you on replacing your 2 damaged spot lights. ;-Thanks,;-Gary
