Family, Group, Business or Organization Legacy Partner Home Page(s)

After designating a point of contact to manage their user account, businesses and nonprofit organizations participate in our program as Legacy Partners. They can generate home page(s)—in multiple languages, if desired—for each location or chapter/district on our Web site to share information about themselves, better connect with their clients and members and demonstrate their commitment to strengthening communities. They can use their home page(s) to host legacy stories published on our Heritage Honor Roll by those important to them, thus providing further exposure for these stories. Business Legacy Partners also share discounts on goods and services with other Legacy Partner and subscribers to our Social Legacy Network.

School, Library or Historical Society Legacy Partner Home Page(s)

A point of contact is required to act as an agent for a school, library or historical society so he or she can create a free legacy story on the education organization and share it on our Web-based Heritage Honor Roll. The education organization's legacy story can be published in multiple languages, if desired, and can be enhanced through photographs, movies and other audio and video media. Education organization Legacy Partners can access the existing Americans All education resources, including our ethnic and cultural texts, music publication, and period-specific photographs and posters (a \$500+ value). They can also create free Americans All Legacy Partner home page(s) on themselves and internal groups to briefly describe their activities and to host legacy stories of past and current students, teachers, members, employees and their families published on our Heritage Honor Roll. An education organization's point of contact can also join Americans All and create a legacy story for our Heritage Honor Roll by registering with his or her personal e-mail address. Moreover, an individual can be the point of contact for more than one organization. We identify our members only by their e-mail address.

Members can create as many new stories in foreign languages as they desire. However, they are limited to one additional story in each of the foreign languages—except English.

Our Web site displays information using a standard Latin character set. At no additional cost, you can create your honoree's legacy story in an additional language besides English. To do so, locate the desired language and click on "Create a translation" under the "Operations" tab. When the template appears, it will contain a copy of the English-language version of the legacy story. You can create your new story in two ways:

- If you can change your keyboard settings to the desired language, delete the English-language text and replace it with the new language text.
- If you cannot change your keyboard settings to the desired language, prepare your honoree's story in the desired language off line and cut and paste the new language text to replace into the template to replace the English-language text.

Text and image fields that are not modified will remain the same as in the English-language version. If you do not find the additional language you desire listed below, please [contact us](#) and put the word "Additional Language" in the subject line.

Note: Many words and expressions do not have the same meaning in all languages. To ensure your honoree's legacy story in the new language carries the same meaning as the English-language version, we advise that you do not rely on an automatic translation app.
