Use this template to create your honoree's legacy story in English. Once it is published in the Heritage Honor Roll page to "Create a legacy story in an additional language."

By capturing the text in all fields—except "Middle Name" and (Maiden Name)—on this template, our "Search Engine" will find your honoree's story. For the listing in Americans All, please add a hyphen if the first or last name has more than one name. This will enable our "Search Engine" to add the hyphenated words as a single name.

To ensure the legacy stories published on our Heritage Honor Roll do not contain inappropriate language, we have a "Blocked Words" list. If a word or phrase used in your story is on its "block" list, you will receive an error message at the top of the page. If that occurs, replace the word or phrase by using its first and last letters and put an "x" for each letter.

We can override the App's list of blocked words. If you believe the "blocked" word is appropriate, contact us at [support@heritagehonorroll.com](#). In the body of the e-mail, identify the "blocked word or phrase" and include the sentence in which it is used. If appropriate, we will remove the word or phrase from the App's block list and notify you so you can insert the word or phrase.

Note: Each time you change your honoree's legacy story or a memorial announcement, you must click on "Save" to save your changes.
