

## Suggested Plan for Implementing Americans All

We appreciate your assistance in helping us implement Americans All in your school and have provided links (on the Contents) page to several tutorials to guide your students and the school through the creative process. In addition, based on our experience in implementing successful [pilot programs](#) with earlier versions of Americans All, I am offering some ideas on how best to proceed. Importantly, I will be available to help you or any staff member in any way possible as we start the program in your school.

- Notify all appropriate administrative staff that we will be conducting the pilot through your office.
- Select the point of contact to register the school for Americans All, so he/she can first create the school's Legacy Partner landing page and then its story for the Heritage Honor Roll. This could be an experienced individual in the school's yearbook staff (or community outreach staff) because those offices should have all the information needed for the school's annual story and its photograph montage. The text for both the landing page and the legacy story can be taken directly from existing publications.
- Another option may be using students wanting an in-school project for their community service requirement or from one of the school's service clubs to gain this type of experience.
- Publish a notice in the school's communication network to make students, teachers, and parents aware of the program. Since they generally they operate outside of the school system, we will be contacting the PTA directly to seek their support.
- Because they represent a large number of students with a common interest, athletic team coaches can help start the process. This program will enable the teams to create an annual, permanent record of all their players, augmented by photographs and audio-visual media. Each team will also need to create its own annual Legacy Partner landing page to host the stories. If a team does not have its own email address, it can get a free one from this list--<https://www.guru99.com/best-free-email-service-providers.html>. Student-athletes applying for college can use their story to help showcase their talents; they can attach their own highlight videos to their story.
- For smaller groups, notify them through their academic advisory or their president and let them determine, in addition to creating a permanent annual record of their members, how the program can be used to expand their current missions and activities. Business-oriented clubs could play a role in notifying local businesses, cottage industries and professional service providers about the advantages of becoming Americans All Business Legacy Partners and could gain experience helping them attract a larger audience for their goods and services (which will provide revenue to the schools).
- Even though Americans All is no longer active in curriculum areas, our resources remain online to provide background for some of our Heritage Honor Roll stories. We will continue to host resources that are academically well-researched and written, and presented from multiple perspectives. A student can use their second story in English for this purpose or set up an additional, free email membership account--<https://www.guru99.com/best-free-email-service-providers.html>. and selecting "Group" story instead of "Individual" story. All stories can be published in multiple languages. These stories will provide the student with publishing credits which can be useful when applying to a college or entering the workforce.
