Colloidal Silver, because it works!

"Research has shown that colloidal silver has been used successfully for many vitality issues caused by as many as 650 different pathogens, including acne, rosacea, allergies of all kinds, foot fungus, parasites in the blood, corneal inflammation, Lyme disease, Malaria, meningitis, pneumonia, psoriasis, shingles, all kinds of viruses, warts, whooping cough, HPV virus, AIDS and the MRSA bacteria. However, silver can be used much more widely to support the immune system, as an overall detox, and/ or as a powerful anti-inflammatory, including for eye infections or sore gums. Both short-term and long-term". **Select your favorite high concentration (ppm=parts per million) colloidal silver.**
