Americans All, previously a supplier of diversity-based social studies resources and teacher training, has become more than a traditional project or program. As a 501(c)(3) foundation run by a Benefit Corporation, we are a community outreach, a nontraditional hybrid charity that empowers nonprofits to raise funds through our unique revenue-generating, multi-purpose, and multi-lingual storytelling tool and nationwide discount program.

We are contacting you based on web articles from USNews and WalletHub. Utah is ranked as one of the nation's top five most charitable states and the No.1 spot for the percentage of residents who donate their time and money.

Importantly, we will gift our entire risk-free program to the nonprofit sector after reaching specific financial benchmarks. We are establishing a partnership group comprising the first ten nonprofit state groups within different population sectors that accept our offer to participate. Their presence will help us launch the program nationwide. We offer them a unique opportunity to be part of a non-political group that promotes tolerance, understanding, and acceptance and can help our polarized nation reinforce and appreciate the commonalities that unite us rather than divide us.

The program cannot officially launch for 5-6 months because we need to rebuild our website, prepare instructional videos, and complete the funding to cover the launch and the expenses for our first year of implementation. Therefore, if you support our mission, would you accept a right of first refusal to join this group and gain additional revenue when we launch? We will include your support if you approve our finalized implementation strategy before we set up our media outreach and first national press conference. However, you are more than welcome to drop out at any time before that if you later find an issue with our plan.

Because of the size of your population and to make our proposal more attractive, we offer you the opportunity to participate as if you were two states—one north and one south. In doing so, you will double your admin revenue. (See projected revenue chart.)

Individuals and nonprofits receive a free lifetime membership in Americans All, which gives them access to our storytelling tool. Knowing one's family history is associated with positive mental health, wholeness, well-being, and a sense of belonging. Stories are not just narratives; when shared, they provide comfort and reassurance and help build empathy and compassion.

Our members also receive a free, three-month trial subscription to our Social Legacy Network, the optional revenue-generating part of our program. We expanded the successful "Carepass" subscription model developed by CVS. In our model, members also pay a \$4/month fee but can access unlimited discounts from businesses and professional service providers for one year rather than \$10/month only from CVS.

We also enable community members to use our storytelling tool to create free membership organizations (landing pages) and easily accessible annual virtual yearbooks for each group, team, or club they participate in or support.

National businesses and professional service providers participate for free, ensuring our members' immediate access to discounts in multiple geographic areas. Local merchants pay a \$98/year fee in two installments, enabling them to change their beneficiary every six months.

Businesses benefit from our program because stories profoundly impact emotions, and emotions, more than data, change behavior and frequently determine buying decisions. Our program harnesses the power of storytelling to influence behavior and drive business success.

Sample of an individual legacy story

The story of Allan Kullen, an American and Social Entrepreneur, is a testament to his vision and leadership. He is a man of many talents, a man who has spent the past 20 years of his life building a legacy of service and leadership. Businesses offer discounts to program members

Regarding distribution, 75 percent of our gross revenue goes to the local entity generating the individual subscription or business fee, 2 percent to the state or national office, 3 percent to the regional offices, and 2 percent to cover implementation expenses. Members of our partner group will receive an additional 3 percent. Except for the local entity, percentages for all partners will increase when the partnership group takes full ownership.

Americans All offers all our partners an opportunity to help achieve their goals. There are no out-of-pocket costs for you or any participating nonprofits (including schools); implementation is straightforward, and we will support it with tutorials, YouTube videos, webinars, and Zoom meetings. The required administration is minimal, and we will distribute all funds electronically.

Since our program is designed to be implemented locally, we are contacting each organization's headquarters for recognition and support. We want an email like the one below so that your affiliates know we have contacted you and that they can participate if they so choose. See the email below.

Dear Vendor:

Thank you for your interest in providing your fundraising services to our schools. I am happy to inform you that your company has been approved to participate in fundraising activities with the Howard County Public School System, as specified in the Fund-Raising Policy 4200, a copy of which is attached.

To arrange for fundraising events in the schools, you must contact the school directly.

Robert Bruce, Director of Procurement and Materials Management.

Once we have our partner group, we will conduct a national press conference to jump-start the project just as we did when the original program went public (see below) and support it with an aggressive media campaign. That meeting also increased our partners' exposure to new audiences.
