

JINTARA REHAB THAILAND

People seeking structured care for substance use and co-occurring mental health concerns can find a residential setting with medical support, therapy, and daily living skills. Located in Hang Dong District, Chiang Mai and serving adults from across the region, Jintara Rehab Thailand offers a Residential Rehabilitation Program with On-Site Medical Detox for alcohol, opioids, and benzodiazepines. Individual and group sessions draw on CBT Therapy, EMDR Therapy, Trauma Therapy, and PTSD Treatment, with options for Dual Diagnosis Treatment when mood or anxiety symptoms are present. The program also includes a Fitness and Wellness Program and SMART Recovery Aftercare planning to support life after discharge. For those researching addiction treatment Chiang Mai, this setting provides structured schedules, clinical oversight, and time away from triggers. Individuals looking into alcohol rehab Chiang Mai can expect monitored detox when clinically indicated, followed by evidence-based counseling. The facility functions as a rehab center Chiang Mai with care pathways that may also address Ice/Methamphetamine Treatment and Opioid Detox within a safe, residential environment.
