Profanity Filter: Beyond Words: Fast, accurate, reliable

We've optimized our profanity filter algorithm since our inception 12+ years ago to deliver unprecedented accuracy. Our global infrastructure maximizes speed across endpoints.

Hosted or on-premises

WebPurify is as flexible as you need. We can host our profanity filtering technology for you in our private cloud, or you can install it on your own hardware.

Offensive Intent Detection

Flag harmful content in the form of suspicious or malicious phrases in categories such as bigotry, personal attacks, criminal activity, and mental health.
