d The left-hand notes in measures 39-51 are approximations and may be played without precise note-values. The right-hand notes have an improvisatory feel in measures 39-51. The performer may shorten or lengthen the measures (particularly on the repeat) by reducing or adding the right-hand notes provided.

j The performer may alter right-hand notes in this measure, both in note-value and letter name. The performer, however, should maintain the notes of the broken chord: in this particular case, A flat, C flat, E double flat, and G double flat. The method described above can be used for measures 169, 171, 175, 177, 179, 183, 187, 191, 193, 194, 199, and 201. In measures such as 171, where the right hand plays the B flat minor chord, the performer may play the right-hand end notes with tremolo.

Pno.

Measures 175-176. The right hand features a complex melodic line with two groups of five sixteenth notes, each marked with a '5' and a slur. The left hand provides a steady accompaniment of eighth notes. The key signature is three flats (B-flat major or D-flat minor).

Pno.

Measures 177-178. The right hand continues with a melodic line featuring two groups of five sixteenth notes, each marked with a '5' and a slur. The left hand continues with eighth notes. The key signature is three flats.

Pno.

Measures 179-180. The right hand features a melodic line with three groups of five sixteenth notes, each marked with a '5' and a slur. The left hand continues with eighth notes. The key signature is three flats.
